About

This module is designed to provide a comprehensive overview of workers' compensation schemes and compulsory third party insurance and aims to give participants a better understanding of how accident compensation schemes work across Australia and New Zealand. The module includes information on the way that each scheme deals with key aspects such as the size and nature of the schemes, coverage, benefits, self-insurance, common law and dispute resolution.

The module will provide a comprehensive overview of:

- accident compensation models currently in existence
- the evolution of workers' compensation schemes in Australia and New Zealand
- workers' compensation insurance
- the evolution of compulsory third party insurance in Australia and New Zealand
- scheme funding arrangements
- accident compensation benefits
- confidentiality / privacy issues.

On completion of the module you will:

- understand and apply newly acquired knowledge in accident compensation and CTP
- have established local, interstate and international networks in accident compensation
- receive a PIEF certificate of completion for the module.
